

Volunteers needed!

Would you like to help raise awareness and support people in your local community who may be at risk of losing their sight?

Vista's Eye Clinic Liaison Officers provide vital support to people who have been diagnosed with sight loss.

We have various locations to choose from and your support could help people overcome any difficulties emotionally and practically.

In return you would be fully trained, have the opportunity to meet new people, learn new skills and develop professional networks. Reasonable expenses will be paid.
